

Commencing GCRE in 2027

For those considering ACU for a GCRE course entry in 2027, please see the following subject options that will be available in 2027 to support your application. DOBCEL Sponsorship supports 2 subjects per year and preferably one per semester. Ideally, *Introduction to Scripture* is a good entry to GCRE followed by *Introduction to Theology*. Sometimes, this needs to be timetabled vice-a versa. Some subjects will be offered in your second year. Highlighted in yellow maybe a good option to start.

Synchronous options are offered during the week with lectures/tutorials in the evening, usually 6-8pm. ACU Handbook will indicate what is available per semester next year including subject outcomes, content description and assessment, with dates and times uploaded later.

Continuing GCRE in 2027

For those continuing into second year 2027 – preferably choose *Introducing Church Life* and *Change and Continuity in RE* and preferably in that order although this option does not always work. For those loving theology, you could select THCT501 *Jesus the Christ* in preference to *Change and Continuity in RE*. This means your subjects are all in domain of theology (“TH”) and will still give you a GCRE equivalent for our diocese. “EDRE” codes are Education for Religious Education.

Synchronous Options are again offered during the week.
