

The Adolescent Man Box

We invite School Leaders, Health and PE Leaders, Wellbeing Leaders, Religious Education Leaders, Teachers of Consent and Respectful Relationships to participate in professional learning offered by Jesuit Social Services.

"As part of our mission to support boys and men to live respectful, accountable and fulfilling lives free from violence and other harmful behaviour, we partner with schools to deliver evidence-based programs for students in years 5-12 that challenge harmful norms about gender."

The workshop aims to build awareness, open conversation and skills to adopt healthier habits and develop healthier identities.

This event will be face-to-face and specifically extending an invitation to all staff in the primary and secondary schools in the northern zone.

This event will be sponsored by the VCEA.
